

# Technology 101: Photography

**Description:** The Technology 101 Workshop series offers hands-on training using some of today's most innovative and useful technology.

Learn psychological practices to not only attract viewer's attention but also keep it. Tech 101 Photography will be reviewing how to improve on composition such as framing, orientation, rule of two thirds, and leading lines as well as technical techniques to fully use depth of field, lighting and shutter speed. Whether you use a SLR camera or a point and shoot, digital or film, mentioned practices will produce better results and minimize post picture production time.

Students are encouraged to bring their laptop and work along with the instructor.
