

# Real Estate Pre-Licensing Program

The Real Estate Career Academy is excited to offer a real estate pre-licensing program for those interested in becoming a real estate professional. This program is designed to give potential agents the skill sets they need to practice real estate beyond the classroom. The emphasis is on risk reduction, marketing, business planning and real estate law to help create a better, stronger real estate agent.

Unlike other pre-licensing programs, RECA's **Principles and Practices** will teach the potential licensee more than just "how to pass a test." RECA has a staff of experienced instructors to teach students about the industry and to meet the Virginia 60 hour educational requirements.
