Our Purpose

Founded in 1990, The REALTORS® Foundation has contributed thousands of dollars in efforts of giving back to the community. These helping hands have been extended to community agencies and organizations such as: The Secret Santa Program through Project Link, Habitat For Humanity, the Thurman Brisben Homeless Shelter, The American Red Cross and New Vision.

Our primary focus, but not exclusive focus, relates to housing needs, and as such the Foundation has established *The Housing Relief Fund*. This program is designed to assist local families struggling with hardships that threaten their ability to secure shelter.
