"For the past 26 years I have prepared Income Tax Returns for individuals, small businesses and corporations. I have been a member of the IMA (Institute for Management Accountants) for 25 years where 65,000 accountants join forces to stay current in the business world. I have also been a member for 7 years of the VA Society of Tax & Accounting Professionals to help me stay on the cutting edge of changes in the accounting and tax world. Each year, I attend their top notch seminars so I obtain the required Continuing Education Credits needed to keep my Tax Preparer credentials up to date.

My mission statement is simply "to help people". I want your tax return requirements placed on my shoulders so you can do what you do best... running your business and not worrying about your taxes being done the wrong way."
